APRIL FOOL ISSUE

America's new Court Jester
as seen by TV gagmen

SPIRO AGNEW JOKES

WHAT'S WRONG WITH THIS PICTURE?

An April Fool Think-Game

PICTURE: **HERE'S WHAT'S WRONG WITH THIS**

1. The soft flag says 18, and there are more holes up there than that! At least 19 or twenty!
2. He's riding high, but not THIS high—
3. They don't have ice cream cones on the moon! Pizzas maybe, but not ice cream.
4. This isn't what he's going...
5. Dinosaurs don't smoke cigarettes. They have been way they died out, they must have been smokers.
6. Wings are wrong! Who ever saw a volcano in a dimension? Who ever saw a volcano out?
7. No lava is coming out of the volcano, and, anyway, who ever saw a volcano?
8. Cafeteria did not look this primitive.
9. They didn't need them in those days. They have been addresses in those days. They have been addresses in those days.
10. Cafeteria is trapping.
11. Riffles weren't invented (See that bird still flying?).
12. Rockches have been inside the cage because it's inside a lollipop.
13. Birds don't try to hatch basketballs to scare them.
14. He is getting the bird, not crashing it.
15. Below is incorporeal, because it's which is incorporeal, because it's perfect teeth.
16. Pipe, it was a confirmed chain-smoker, and that's why it died out.
17. Trymarsaurus Rex did not smoke a pipe! (duh!).
18. Ameibots came much later. Cave-men had dugouts.
19. Glasses were not invented then, and this guy wasn't either. He came long before the caveman era...
20. Us, most of the time, smog was not being manufactured.
21. Money was unknown. Like it is with race horses we're not known to cave-men.
22. Smog was not being manufactured.
23. Skunk people would have been eaten, and he wouldn't be there anyway because he killed people in those days—Other things killed people there.
24. Behind him and comic characters are not allowed.
25. Race horses were not known to cave-men.
26. Look at their neighbors was enough to curl their hair! One of them didn't get dressed either.
27. No clocks. Clocks came into being when man was advanced enough to need them.
28. No doorbells were used. They went in like in those days.
29. Peanuts were not manufactured then.
30. The U.S. government did not inspect them. Only romantic pigs in those days.
31. Umbrellas didn't leak because there were no umbrellas.
32. Hubie does not live in a cave. He is in the doghouse.
33. The "S" in testing is correct. All the other letters are backwards.
34. Rubber ducks did not have long hairy tails.
35. Long hair was all used up by people.
36. Golden eggs were laid by GEESE, and they were not working because there were no plumbers.
37. There were no drapipipes, and if they were laid down, they wouldn't have been working because there were no plumbers.

SICKCERELY YOURS..

Please tell Philip Mayson and everybody else that Sick Mag. did not bring the Hippies alive. We already knew about hippies and their movement from television and newspapers. Now, about ruining our generation, that is not true . . . The only ones who are ruining our generation are the old folks. They are downing all kids with long hair and who are for Peace, Love and who belong to groups like S.D.S. Some of the hippies are better than kids who aren't hippies. The hippies are trying to better our generation. I am not a hippie but am a member of the S.D.S. They are for Peace, and equal rights. Your magazine should give the S.D.S. and others like it more attention in your magazine. I can write about them and also have other people to help me. The people who

said that the hippies are bad and are ruining our generation are wrong. They are the ones themselves who are ruining our generation!

Tom Hauser
1837 N. Morgan
Decatur, Illinois

Ed: Sick is the hippies' bible.

Pertaining to your December issue, I just want to say that this was one of your greatest issues ever! Why? "Night School for Dropouts?" No. "School for Rioters?" No. "Classic College Stories?" No. None of these. Except for your 12 page article on "Better Homes and Ghettos," all was average. But this was marvelous! You've just got to do more articles like this . . . the same way! What I mean is . . .

make it start at the back of the book and continue toward the front of the book! This is a unique experience! By the way, who writes the nutty captions on those candid photos in your mag.?

Dan Wilder
Jupiter, Fla.

Ed: A bunch of nuts!

I love satire, you really give me my share but keep it up as sometimes you disappoint me. I'm only a high school grad, but my I.Q. is 131. Yes, 131! You will hear from me again. Remember!

Tony Falvey, "The Kid"
Worcester, Mass.

Ed: We forgot already.

I really am sick. Even though I enjoy reading your magazine I think your December issue was the sickest of them all. The sickest part of the magazine was Night School for Dropouts. Really, I think Night School for Dropouts is a good idea, even thought I'm not a dropout. "Sick" made me so sick that from now on I'm going to buy your magazine. My friends all read "Sick." I think it's the greatest! I wonder what would really happen if people read "Sick" before a test?

Thomas Benedetto
Wakefield, Mass.

Ed: They'd wind up in Night School.

I sure enjoyed your "Sick Book of Fairy Tales." I thought it was a really good bunch of trash. And I'd like to pat you on the back for giving your "Ninth Annual Sick Award," to Mad Magazine.

Craig DeLoy
Myrtle Street N.W.
Grand Rapids, Michigan

Ed: Mad? We never heard of them!

I got my first Sick Magazine a few days ago, and I like it better than any other magazine. The issue I got was 63. If you could, please send me these Sick Magazines: 58, 54, and 57. Send me the bill, and also some information about Sick Magazine.

Chuck McFall

Ed: You forgot to send an address, Chuck.

I am very much impressed with the wit and talent of the sickest mag. going. I've tried and often succeeded in getting copies regularly. In the recent issue (Dec. '68) I'm afraid I'm not quite as pleased about one of the topics you chose to write about. This was the poverty article. The wit and satire was great but the topic was chosen in bad taste. Poverty is a topic that I'm very much concerned about. It is a part of our society that needs attention, not satirization. If anyone feels different, or feels the way I do, please reply and state your views. A great job otherwise, guys, and keep up the good work! Just one thing though, be a little more selective on topics.

Bob Thomas
616 High St.
Bath, Maine 04530

Ed: Next issue we'll do one on religion.

I absolutely hate your magazine. It is stupid rather than funny, but I keep buying it. I seem to be under the mistaken impression that some day it will improve. I have decided that instead of wasting my money I will read it at the newsstand.

Judy Kramer
Fond du Lac, Wisc.

Ed: Smart move, Judy. It's not going to improve.

I have a rather unusual problem that you might help me with. I am a service man and in one of your editions a young girl was asking for someone to write to and I wrote to her but was transferred and I forgot her address. All I can remember is her first name (Adrienne), and that she lives on 76th Street in New York. I would appreciate help in finding her so that I can continue exchanging letters with her.

PFC Gene Kollar
SSCo. Permanent Person
MCSSS, Camp Lejeune
North Carolina 28542

Ed: We don't know her.

First I would like to thank you for publicizing my ad in your magazine while I was in the Service and stationed in Viet Nam. I'm very happy to say I'm home from Nam and also finished with the Service too. Your mag. brought many a smile and chuckle to us servicemen. Helped me at least to survive the ugliness of war. Just keep up the good work and especially the Penpals (for servicemen) section.

Phil Patnou
5135 W. Grace St.
Chicago, Illinois

Ed: We'll do that next issue, Phil.

Looking through one of your issues, I noticed an ad placed by some Army Spec. 4, asking the public for hand-outs. Well anyway, when I saw that I figured if the Army could make a request like that, there should be no reason why you should refuse our little request. Presently we are attached to a Construction Battalion in Viet Nam and would like to get let-

ters from single, unattached girls. Now since the Navy is better than the Army I don't see how you can possibly refuse the request.

SK-3 Ronnie Roncka
CO-H-5-4
USN-MCB-10
F.P.O. San Francisco 96601

Ed: You're going to hear it from the Army.

Your March issue, Number 66, was great for 2 reasons! One, the cover! Joe, that was terrific! You're the only editor I know of who can draw like a pro! The second reason was "The High School Yearbook For Now, Baby!" Paul Laikin is by far your greatest writer! Every sentence in his articles makes me burst out laughing. Well, toodle-loo.

Dan Wilder
Ridgewood Circle
Jupiter, Fla.

Ed: Toodle-loo, Dan.

What's wrong with the youth of America? They don't speak the same language as the youth of yesterday, that's what. It's the communication gap that widens the generation gap. The meaning—the interpretation of everyday words can make all the difference in understanding, and so, for our older reader, we offer another in our series which, when finally completed, will make up **THE NEW SICK DICTIONARY...**

The SICK Research Institute has just completed an investigation into the accuracy of those old sayings you've been hearing all your life. The results have been shocking! In the public interest we are exposing them for what they really are...LIES, ALL LIES!!!

WISE OLD PROVERBS ARE NO LONGER WISE

THE QUICKEST WAY TO A MAN'S HEART IS THROUGH HIS STOMACH?

A team of surgeons, working under the direction of Dr. S.S. Schmeer, fell for this saying. Attempting to transplant a heart they made such a mess that by the time they were through they also had to transplant the patient's stomach.

MONEY IS THE ROOT OF ALL EVIL?

To test the truth of this evil old saying, our researcher spent 3 hours on a street corner handing out dimes. He did not spot a single example of evil!!!

However, as soon as he ran out of dimes he was stomped on.

THERE'S A FOOL BORN EVERY MINUTE?

A nationwide survey of hospitals has disclosed that there are 2 fools born every minute!

TRAVEL BROADENS THE MIND?

Our researchers were sent on a two hour tour of Brooklyn and returned just as stupid as ever!

INTO EACH LIFE SOME RAIN MUST FALL?

Dr. M. Ooglesnert, of Sumsuch, Idaho, spent his entire lifetime disproving this theory. He was caught in cyclones, tornadoes, sand-storms, earth-quakes, and blizzards, but was never caught in the rain!

A STITCH IN TIME SAVES NINE?

To test the truth of this one we had one of our researchers knit for 48 hours.

He carefully took every stitch in time. In 2,853 instances he saved 7. In 5,739 instances he saved 8. And in 8,973 instances he saved 10.

There was not one single case of a stitch in time saving 9!!!

THE EARLY BIRD CATCHES THE WORM?

To test this one we had an investigator get up at 6:00 A.M. to wake up an eagle. The eagle did not catch a single worm!!

Unfortunately, it did catch our investigator who has not been heard from since.

ALL WORK AND NO PLAY MAKES JACK A DULL BOY?

Jack Mafiafo, paid killer, had no time for play. But the FBI, the police, and 23 murdered men found him to be anything BUT dull!

THE BEST THINGS COME IN SMALL PACKAGES?

Edward J. Windward, of Hopes End, Arizona, received a tiny package in the mail. It was a time-bomb that had been made in Japan.

NO NEWS IS GOOD NEWS?

Shifty Murk, convicted slayer of 7 friends, was about to be electrocuted. He waited for news of a pardon from the governor. But he received no news. And no news WAS NOT good news!

ABSENCE MAKES THE HEART GROW FONDER?

Abe Blugle, of Secaucus, New Jersey, has not seen his mother-in-law for 14 years. But he hates her as much as ever!

YOU CAN LEAD A HORSE TO WATER BUT YOU CANNOT MAKE IT DRINK?

SICK researchers have learned that he WILL drink if, on the way to the water, you feed him potato chips.

THERE'S SAFETY IN NUMBERS?

Butch Clinker, who has been in the numbers racket for 17 years, has been arrested 87 times, suffered 68 black eyes, and been punched in the nose 1,982 times!

EXPERIENCE IS THE BEST TEACHER?
Arnold Heffle, of Slurpington, Indiana, had the experience of being run over by a trailer truck. This experience was not the best teacher.

BETTER LATE THAN NEVER?
Mack Glump, of Drawlburgville, Mississippi, arrived late at a lynching. But they hung him, anyway.

NO MAN IS AN ISLAND?
Jackie Gleason is fond of floating in the Atlantic Ocean!

YOU CAN'T JUDGE A BOOK BY ITS COVER?
Oh, no?? Just by looking at the cover of this magazine you should have known that there would be ridiculous articles like this inside!!!

MOVIE REVIEW: Barbarella

by Bill Majeski

This was the film that was advertised with the come-on—"Watch Jane Fonda do her thing."

Well, those who saw it aren't sure yet just what Jane Fonda's "thing" is that she was supposed to do. Is it walking around with eyes and lips opened wide? Is it doffing garments right and left? Or is it by chance acting? No one knows. And Jane's not telling.

Her hubby, Roger Vadim, directed her in this so he's probably in on the secret. But he's not telling either. It's probably

wise to chalk up the film as a domestic problem and let them make up for it in some later film.

Dino De Laurentis produced the film based on a comic strip for adults, written, it is rumored, by children.

It is done in Technicolor and Panavision. As one critic said when integrity demanded he put the rap on lovely Miss Fonda's acting, "how do you Pan-a-vision?"

Running time of film: 1 hour, 38 minutes. Time film will remain in your memory: 38 seconds.

—1—Jane plays the role of a space

girl and her first assignment is to rescue a scientist who is being held captive by some evil people. The ushers. Jane's second assignment is to convince the audience she believes in her role. Well, one out of two isn't bad. The scientist has invented a marvelous new liquid that dissolves everything it comes in contact with—the only trouble is he can't find anything to keep it in. Agent Jane climbs into her space ship and takes off—her clothes. Several times. Some theaters refused to admit elderly men to the film unless accompanied by an extra set of eyeballs.

Will someone help me?
I'm searching for the plot
of the picture.

2—On her journey, Jane in her spaceship encounters hardships. The spaceships hit the hardships and Jane strikes up numerous friendships. It's beginning to sound like a War at Sea epic, especially with Jane's navel maneuvers, but that's another story. And a better one. Jane is captured by a gang of the meanest kids you've ever seen. They sharpen up the picture considerably especially when they all get together and bite Jane's arteries, veins and capillaries. It's pretty gory. But rather sweet. In fact, it's about the sweetest gory ever told. The kids wouldn't have been in the picture at all except that their teachers went on strike and they were out of school. After watching the film, the audience went on strike.

3—Jane's jaunt takes her to the wildest places photographed since the documentary done at a New York discotheque. It's a big Haight-Asbury in the sky. She tries to find the enemy's secret hideaway, but it was Sunday and all the secret hideaways were closed. So she waits until Monday, but Monday is wash day and so she washes all her clothes. This takes 24 seconds. And it is about the cleanest 24 seconds in the film. She would have washed her clothes even quicker, but her agitator gear was out of order.

4—As the effluvium rises and a gentle wave of ennui settles upon the audience, Jane wends her way through a series of misadventures. She is given a helping hand (it's an uncensored film) by David Hemmings (pronounced Hemmings) and also by Ugo Tognazzi (pronounced with great difficulty) as she tracks down the missing scientist. Lots of people took this wild trip with Jane. Think of the money they saved on LSD.

5—In the scenes like the above which abound in nudity, viewers see more nakedness than at a Fat Lady's Night in a Turkish bath. One nude woman backed into a hot bucket and was depicted as being a "flesh in the pan." While exploring the labyrinthine passages of the underground caves, Jane meets a blind fellow with wings. Jane is startled. "I'm sorry," she mouths, "it's just that you're the first blind fellow with wings I've seen all day." The sightless fellow has lost his nerve and he can't fly any more. You know how it is. But he spends a few magic, romantic moments with Jane (called Swinging Therapy) and man, that cat is soon flying again.

6—And now, direct from the Space Cave, just 15 minutes from the heart of downtown Mars, at the console of his Hammond Electric Passion Plunger and Rhapsody Machine, we bring you Milo O'Shea as the Concierge. Milo is torturing Jane in his own unique way. He likes to torture. People who torture are called sadists. People who enjoy being tortured are called masochists. Barbarella's audiences are comprised of masochists. O'Shea is very mean. He's the type of guy who would give a hotfoot to Smokey the Bear. The scene ends happily though, because Jane removes her garments, stands up and sings, "O'Shea can you see?"

First guy who tries to leave the audience gets it right between the eyes.

7—Jane adopts her battle position for the final showdown. This is known as the lateral ventral crouch and is very effective when being attacked by giant madmen. However, Jane was being assaulted by tiny ants who snuck up behind her. She took out her ray gun and shot every ant named Ray. Later, in a hand-to-hand battle, she shot her chief tormentor at close range and sent the powder burns to her boy friend as a birthday present.

8—Mission accomplished. Jane is given the Venus Legion of Near-Nudity Award and 27 guys are injured trying to pin the medal on her. This final scene won an award for Great Acting by a Promising Female Performer. The statue at the right got the award. Although the plot is satisfactorily resolved for those who demand little, a mystery still remains—just what is Barbarella's thing? And no coaching from the audience.

I am at attention—my costume is at ease.

Coming up out of Texas and on to your t.v. screens again this season is the newest threat to Perry Mason's old standing as one-man Supreme Court—"Dudd" is the defender of the poor, the downtrodden and the underprivileged—who can afford his \$100,000 fee. Hear ye! Hear ye! 'The First Bought Court' is now in session. The honorable Thaddeus Q. Goniff presiding!

Clerk, what kind of case do you have for me?

Later, you idiot! Now, who's on first? I mean, who's on trial? Darn it, I keep revealing my old burlesque back-ground!

The State against Shifty the Rat. The charge is murder, kidnapping, armed robbery and double-parking. Rodney Railroad is the prosecutor, and in this time slot: Dudd! For The Defense!

I'd like to present my star witness, Miss Fifi La Tour!

Miss La Tour is my character witness. Tell the court, Miss La Tour, what is your occupation?—No, not the real one—the one we rehearsed!

I'm a 'den-mother' for a cub scout troop.

Where is her recruiting-booth!!

Please, your honor, Miss La Tour is taking enlistments at the 'acquittal party' for my client. That goes for the jury, too! Now, Miss La Tour, tell the court what you and Shifty the Rat were doing at the time the persecutor, er, I mean the prosecutor says he was committing the heinous crime they're trying to pin on him.

Shifty, and by the way, they call him Shifty because he's quick to do good for others... Well, Shifty and I were giving a Christmas party for poor

underprivileged orphans. We spent the entire evening loading their patched-up little stockings with all the goodies that Shifty could afford.

The Camper's Scrapbook

With summer almost upon us, visions of camp dance in the minds of parents the world over. They eagerly anticipate shipping the kids off to fresh country air and lots of healthful activities—and, thinking of this, the PARENTS' health immediately improves! The idea of having the little stinkers far away drops blood-pressure, eradicates headaches, and worry lines begin to vanish. But another group starts getting the shakes—those poor counselors!

by B. Wiseman

What you gotta understand, Ronald, is the kids aren't mean, just high-spirited!

We overpower the counselors, see . . .

A leak in the roof

A NATION OF CHILD WORSHIPERS

Recently a group of European sociologists visited America to study the so-called generation gap. They agreed that there is a gap and it's as big as the gap between Terry Thomas's teeth. Basically they blamed the parents for being too soft and yielding to their teen-agers, adding that America is becoming a nation of "child worshipers." We sent Sick's crack research reporter into one of America's most famous suburbs, Scarsdale, N.Y., to check out the scene.

When Richard Nixon selected Spiro Agnew as his running mate, the country said: "Spiro Agnew? Sounds Greek to me." The vast majority of the American people had never heard of Spiro Agnew. It was rumored that he was on the FBI's list of the ten most UN-WANTED men. Getting him for Vice President was as exciting as winning Phyllis Diller on "Dating Game." All of which made him an ideal target for the nation's jesters. Spiro Agnew became the new Court Jester. This is his book—

JOKE SWITCH OF THE MONTH:
President Nixon recently took LSD but didn't go on the trip. Instead he sent Spiro Agnew!

Agnew has really made it big. Lindy's Restaurant just named a sandwich after him. Grauman's Chinese Theatre has asked him to put his footprint in their cement. And in the Catskill Mountains they recently had a Spiro Agnew Day where, in his honor, they closed the eyes of the whitefish.

There's been a lot of talk in Washington about Spiro Agnew's personality but insiders insist that there's nothing to it.

The Spiro Agnew

NOW IT CAN BE TOLD: The real reason Nixon picked Agnew as his running mate is because, next to Agnew, Nixon looks like a winner.

It's unfortunate that Spiro Agnew happened to become our Vice President at this time. Just when he was becoming popular.

This just wasn't our year. Take the Greeks. We send them Jackie Kennedy, they send us Spiro Agnew!

"Why did I pick Spiro Agnew as my running mate?" asks Richard Nixon. And he answers the question, "That's what I'd like to know . . . why did I pick Spiro Agnew as my running mate!"

People shouldn't pick on Spiro Agnew. After all . . . he hasn't done anything!

Your assignment for the year. It's set to self-destruct in ten minutes.

Photos by U.P.I.

He picked a great topic for Brotherhood Week: "Some of My Best Friends Are Polacks!"

Reader

You wanna hear the truth about why Nixon picked Agnew? So that the people would laugh at Agnew instead of Nixon! Let's face it—heard any good Nixon jokes lately?

It's official! Parker Brothers has acquired the rights to Spiro Agnew's career and is putting it out as a game.

LATEST SICKIE JOKE: Nixon will never be assassinated. Not even a crackpot would want to see Agnew our President.

Spiro Agnew—sounds like something you order in a Chinese restaurant. And it gives you heartburn the rest of the night!

It's been said that Spiro Agnew looks like the man next door. That is, if you happen to live next to a Butcher Shop!

The only thing incongruous about Spiro Agnew are his initials . . . S.A. They're the same as Sex Appeal.

Have you noticed that Spiro Agnew's face has been on the cover of every national magazine except one? TRUE.

THEY SAY . . .

... that Spiro Agnew talks funny. But you would, too, with your foot in your mouth.

... that President Nixon finally found a place for Spiro Agnew—he gets twenty-five cents for every towel!

... that Nixon put a gun to a pilot's head and asked him to fly Spiro Agnew to Havana!

... that with all the bloopers Spiro Agnew has made, Nixon insists he make all his future speeches in Braille.

... that Spiro Agnew's election was a case of mistaken identity. When Nixon heard he was a Greek, he thought he was getting Aristotle Onassis!

... that Spiro Agnew is really Harold Stassen in disguise. This is because it's the only way he could get into national office.

... that Agnew recently willed his body to Harvard Medical School and, are you ready for this—they rejected it!

... that Ed Sullivan just booked Agnew on his show as a stand-up comic. What he'll do is six minutes of his campaign speeches!

... But when he changed the lock on the White House door . . .

Since the new administration took office, everybody's busy. Lyndon Johnson is teaching in Texas. Hubert Humphrey is teaching in Minnesota. Spiro Agnew is learning in Washington.

Nixon looks like a used-car dealer. And Agnew looks like a guy who buys one from him.

THUMBNAIL DESCRIPTION OF AGNEW: He looks like a deadpan Hubert Humphrey.

QUOTES OF THE NEW V.P.:

"Spiro Agnew is O.K. in my book!"—Professor Kinsey.

"As I see it, Agnew is all heart!"—Christian Barnard.

"Spiro Agnew is Greek to me!"—Aristotle Onassis.

"Spiro Agnew is O.K. for my money!"—Anonymous Bowery Bum.

All kidding aside, there's a lot to be said about Spiro Agnew. Only it can't be printed here.

LEFTOVER CAMPAIGN BUTTON: *Vote For Nixon & What's His Name!*

ADD THUMBNAIL DESCRIPTIONS: Agnew looks like a Polish joke.

Nixon made Agnew his chief adviser on urban affairs and already Agnew has come up with a way to save our cities. He says we should move them to the country.

During a recent speech, Agnew gave credit where credit was due. In typically American fashion, he thanked the person who made it all possible. The person who really made him what he is today. Strom Thurmond.

I believe
what the President said:
"Let's bring the people together"
—and have a good, old-fashioned
brawl!

When asked to contribute to the campaign for Spiro Agnew, one fellow said: "Spiro Agnew? I thought they had already found a cure for that!"

Talk about being unwanted. We hear Nixon voted for Muskie!

Spiro Agnew—Nixon's Excedrin headache!

We wonder what President Nixon meant when he said: "Spiro Agnew's all right—but not on my block!"

How embarrassing. We hear Spiro Agnew got caught gate-crashing the Inaugural Ball.

Agnew isn't the only new political figure getting laughs these days. He's getting serious competition from another joker . . . Secretary Hinkle.

Speaking of the above, they're now calling Agnew the Poor Man's Hinkle!

No matter what they say, Spiro Agnew really has a good head on his shoulders. Richard Nixon's.

Somebody in Washington finally figured out who Spiro Agnew really is. Rosemary's baby!

When Nixon visits New York, he leaves Agnew in a "No Parking Zone," so the mayor will tow him away.

Agnew was disappointed when they elected him vice-president. He thought he would be in charge of all the vice!

Nixon stands right behind Agnew—especially on high cliffs!

They say Nixon prays every Sunday, but Agnew still won't go away.

Jokes aside, Spiro Agnew is destined to go down in history along with other great politicians of our time. Harold Stassen . . . William E. Miller . . . Senator Dodd . . .

You've got to hand it to Spiro Agnew though. In just a few short months he's risen from local obscurity to where he is today. National obscurity.

All in all, Agnew is the kind of a man who has what it takes. Trouble is, nobody wants any!

The Greeks had a word for it. But the Americans have two words for it . . . Spiro Agnew. And you should'a heard it before we cleaned it up!

"TV is Beneath Me..."

This month our resident Sickartist vents his ire on the television industry. "The only thing worse than TV shows are TV dinners," he insists. "My TV set's been on the blink for five years and my wife still serves TV dinners."

On this point, humorist Art Paul an associate of Mr. Rodriguez, notes that there's a new item at the grocer's—COLOR TV dinners—after you eat it you see red and then turn green. There is also a product in conjunction with TV dinners—AFTER TV dinners. Contains bicarbonate of soda.

Here is—

This was nothing. As she started to move around the place really warmed up. You could look everywhere and actually feel the heat oozing all over everybody. It was the hottest scene of recent memory. And no wonder it was. This was taking place in a Turkish Bath for women!

The question was—would she take off the rest of her clothes? And the answer came faster than you can say Spinto Agnew. With one quick flick of the shoulder bone she managed to loosen the strap of her slip. It was frantic. You could see the people sweating all around her. In a matter of seconds the undergarments fell and, standing there stark naked, she acknowledged the gaping multitude of flesh-crazed spectators.

It was really something to see! First the coat came off. Then the hat. Then the sweater and skirt before the blouse opened and the skirt plonked down. And there stood Barbara—wriggling in her slip before the mob that had gathered there.

Lee Remick Confesses:

THE WHOLE WORLD KNEW ABOUT OUR AFFAIR!

We couldn't hide our secret,
it was bigger than both of us . . .

This was the biggest affair of my life and, believe me, I've had plenty. This was truly beautiful. Like a dream. Out of sight. The most wonderful affair anybody could have!

So you see why I didn't want anything to spoil it, and why I tried so desperately to keep it a secret. Only the two of us knew about it, and we tried to keep it that way. We didn't even tell our closest friends, let alone our families. Everything was strictly hush-hush. Or so we thought.

Somehow, somewhere, word leaked out. Somebody, somewhere got wise and soon everybody was talking about it. The news spread like wildfire. It wasn't long before it was all over two continents. It seems that everybody in the whole wide world knew about our affair.

But actually, by that time we didn't care. The affair was out in the open now and it was just as well. After all, it was a catered affair we planned as a surprise for my father's birthday party. And that's when they found out!

Big daddy waited patiently for his gift!

WHEN JOAN WOODWARD FOUND HER HUSBAND WITH ANOTHER WOMAN!

"It wasn't the first time. Once before, our friends had discussed the matter with Paul, showed him how much he needed me!"

When I think of all the love I gave that man I could scream. I gave him everything a woman could give a husband—and then some. And here I come home one night and find him there with another woman. It was more than I could stand. I was filled with a terrible panic and horror. Let's face it, what wife wouldn't feel this way in such a situation? Especially with a woman like that! And it had happened before. That time, our friends had patched things up.

I couldn't understand it, I tell you. Just the night before he told me how much he loved me. Told me that there could never be another

woman for him. Oh, to think how I believed him!

What happened was, I had to go out-of-town on an overnight trip. I finished earlier than I thought and so I came home unexpectedly, hoping to surprise him. O gullible me!

I opened the front door quietly and tip-toed inside. Hearing voices in the living room, I thought that it was he watching television. I was never so wrong about anything in all my life. I walked in and lo and behold—there was Paul sitting on the couch with another woman!

And what a woman! When I saw her I just sat down and cried. It was his mother, coming to visit for a few days!
